

## M&M Systems Control Panel Training Overview

A thorough understanding of M&M refrigeration control panels is beneficial in maximizing the energy efficiency and effectiveness of your refrigeration system. The knowledge and utilization of standard features ensure trouble free operation and a rapid return on the investment.

This two (2) day class is designed to provide a thorough understanding of M&M Systems control systems for field service personnel and advanced operators. Attendees will be given all training material which includes course binder, workbook, CD and hands-on lab work.

The two (2) day class begins at 8:30 AM and ends at 5:00 PM and is held in the M&M Systems Offices in Ormond Beach Florida. Class size is limited to a maximum of eight (8) attendees.

**Topics covered include:**

- ▶ Introduction to M&M Systems Control Panels
- ▶ Hardware Overview and Troubleshooting
- ▶ Software Overview - User Interface and Logging
- ▶ Screw Compressor Controls - Version 2.0
- ▶ Sequencer Control
- ▶ Condenser Control
- ▶ Pump Package Control
- ▶ Evaporator Control
- ▶ PC Monitor Software
- ▶ Hands-on Controller Lab

Lunch will be provided for attendees. Attendees are responsible for travel and lodging.
